For more than three decades, Eastern Connection has been driven to deliver the most reliable, flexible, and cost-effective shipping and logistics solutions in the industry. We are one of the longest-operating and highly respected carriers with original ownership. We are also one of the largest regional, small-package overnight carriers on the East Coast, covering 6,800 zip codes from Maine to Virginia and extending west into the “Rust Belt.” Based in Cumberland, RI, we have 16 facilities, and we are open 24/7, 365 days a year.

Services

- Ground
- Priority Overnight
- Same-Day Rapid Response
- Logistics & Warehousing
- Expedited Mail
- Medical Logistics

Accolades

- Recognized as “Entrepreneur of the Year” by *Inc. Magazine*
- Recognized for company-wide “green” initiatives
- Numerous customer service awards
- Public service awards from American Heart Association
- Widely published in WSJ, business, and trade journals
- During the 2013 holiday season marked by e-commerce delivery snags by UPS and FedEx, Eastern Connection received national attention as a top regional alternative.

Advantages

- Later pickups and earlier deliveries
- Pricing that is significantly less than the nationals
- Flexible, customized solutions
- Industry-best efficiency performance rating of 98.6%
- Only express parcel service in Northeast that provides next-day ground deliveries by end of day
- Superior record for claims damage
- Superior Safe-Driver “Modification Factor”
- Best-in-class technology that matches or exceeds that of the nationals
- Advanced technology systems include bar-coding and real-time scanning; online tracking, tracing, billing, and same-day POD management reports; automated sorting systems; shipping integration systems; and instant communication with drivers
- Trademark personalized service, including “over the threshold”

We guarantee better prices and greater flexibility and reliability than the giants. Plus, we are a leader among the carriers in the “super regional” network, combining personalized customer service along with “big-company” sophistication that’s second to none.
